Fiduciary & Probate Litigation

The Fiduciary & Probate Litigation Group complements our estate planning and settlement practices. When probate matters become contentious, our Estate Planning attorneys work closely with experienced litigators from the Litigation Practice Area. The Fiduciary & Probate Litigation Group represents professional fiduciaries, charities and heirs and beneficiaries of estates and trusts in probate matters such as:

- Will or Trust contests;
- Will or Trust construction matters;
- Breach of fiduciary duty matters;
- Executor, Administrator or Trustee removal matters; and
- Petitions for Trust modification or termination.

We also counsel professional and individual trustees on good estate and trust administration practices to avoid future litigation. Our Fiduciary & Probate Litigation Group includes attorneys with knowledge and experience in trusts and estates, tax, probate and fiduciary issues, as well as extensive trial and mediation experience.
