

REID AND RIEGE, P.C.  
COUNSELLORS AT LAW

## Land Use

The Land Use Group represents clients in planning and zoning, subdivision, inland and coastal wetlands, US Army Corps of Engineers, the Connecticut Siting Council and other municipal, state and federal land use and regulatory matters in connection with the development of commercial and residential property. The attorneys in our Land Use Group have broad experience in guiding developers of all kinds of real estate projects ranging from office complexes in office parks, shopping centers, Brownfield redevelopment, industrial siting, residential subdivisions and energy project siting and permitting. The Land Use Group can bring to bear a wide variety of experience and resources from other attorneys in the firm to respond to project needs including assistance from attorneys practiced in real estate, commercial finance, business law, tax and environmental.
