

REID AND RIEGE, P.C.
COUNSELLORS AT LAW

Purchase & Sale

Attorneys in the Commercial Real Estate Practice Area negotiate purchase and sale agreements for all types of commercial and industrial properties, including office buildings, retail properties, industrial properties and residential subdivisions. We use an integrated approach when matters require advice from other Reid and Riege attorneys, such as: the Business Law Practice Area when our clients need assistance with appropriate ownership structure; the Tax Group when advice is needed on the tax consequences of a property sale; and the Environmental Practice Area for assistance with environmental concerns.
